

Kitchen and Bathroom Design/Sales

Role Description

This is a full-time on-site role for a Kitchen Designer at PARAMOUNT KITCHEN & BATH in Grimes, IA. The Kitchen Designer will be responsible for measuring spaces for the purposes of designing functional and aesthetically pleasing kitchen spaces, collaborating with clients to understand their needs, creating detailed plans and layouts, selecting materials and finishes, and overseeing the installation process.

Qualifications

- Minimum of 5 years of design experience
- Proficiency in kitchen design software and tools
- Strong knowledge of materials, finishes, and kitchen design trends
- Excellent communication and interpersonal skills for client interactions
- Ability to work independently and as part of a team
